

## Hardware

BWS can meet all of your hardware requirements

From desktops to notebooks, servers to printers, BWS can meet all of your hardware requirements.

BWS are resellers for a number of hardware manufacturers and our staff have been implementing computer systems based on Windows, Mac OS 8/9/X, and Linux since the early '90s. We are partnered with the best hardware providers in the industry to provide you with the expertise you need.

Get in touch with us now and we can supply:

- \* Desktop Computers
- \* Laptop / Notebook Computers
- \* Servers
- \* Printers / Scanners
- \* Networking (Switches, Routers etc.)
- \* Just about anything else...

The difference between us and other suppliers is that we are not simply "box movers", our aim is to work with you to ensure you get what you need from your purchase, not just to sell you something and move on to the next in line. Please e-mail us or give us a call with your requirements and we'll work with you to make sure you get the best fit with your requirements and your budget.
